Check. Change. Control. Cholesterol™ Recognition Program

The Check. Change. Control. Cholesterol™ Recognition Program is an opportunity for ambulatory healthcare organizations committed to managing cholesterol to be recognized and celebrated for their efforts. The program, launched in February 2018, provides two levels of recognition.

PARTICIPATION AWARD

Recognizes practices that have committed to improving ASCVD risk assessment and submitted data on appropriate Statin therapy based on MIPS measure #438.

GOLD ACHIEVEMENT AWARD

Recognizes practices that have fulfilled the Participant criteria AND have 70% or more of their adult, at-risk ASCVD patient population appropriately managed with Statin therapy based on MIPS measure #438.

BENEFITS

Participant and Gold Achievement Award recipients will be provided with resources to help celebrate their success. Each award level will receive:

An award certificate

Digital award icons for use on your website and other materials

Recognition Toolkit including a press release template, social media messaging, and other communication resources

National recognition on the Check. Change. Control. Cholesterol Recognition Program website

Recognition mentions at American Heart Association's annual Scientific Sessions meeting

Cholesterol™

HOW TO PARTICIPATE

Program registration is available year-round and kick starts your improvement journey with communications and educational content throughout the year. Beginning January 1st of each year, registered organizations may provide information related to their patient population, clinical protocol and processes, and outcome related summary data into our data submission platform. All data must be completed by the recognition deadline.

Apply for recognition at heart.org/ChangeCholesterol.

STEP 1: REGISTRATION

Register to become part of the Check. Change. Control. Cholesterol initiative and get connected with our staff and resources.

STEP 2: PARTICIPATION AWARD

Tell us more about your organization's ability to calculate ASCVD risk, commit to improvement, and submit simple numerator and denominator information for MIPS measure #438 on your organization's patient population from the previous calendar year.

STEP 3: GOLD ACHIEVEMENT AWARD

Achieve 70% or better for MIPS measure #438 on your organization's patient population from the previous calendar year via simple numerator and denominator submission.
